

**Smoke Outlook for 8/13 - 8/14**  
**Yosemite Area Ferguson Fire Forecast**  
 Issued at: 2018-08-13 07:20 PDT

Outlook for Yosemite Area

**Special Statement**

*This forecast is focused on smoke behavior around Yosemite National Park. This air quality forecast reflects Particulate Matter - not Ozone. For a regional smoke forecast: [wildlandfiresmoke.net/outlooks/SouthernSierra](http://wildlandfiresmoke.net/outlooks/SouthernSierra)*

**Fire**

The fire is now 96,457 acres with containment at 86%. Fuel in the interior of the fire has been mostly consumed. Crews are continuing to secure the perimeter with near Turtleback Dome.

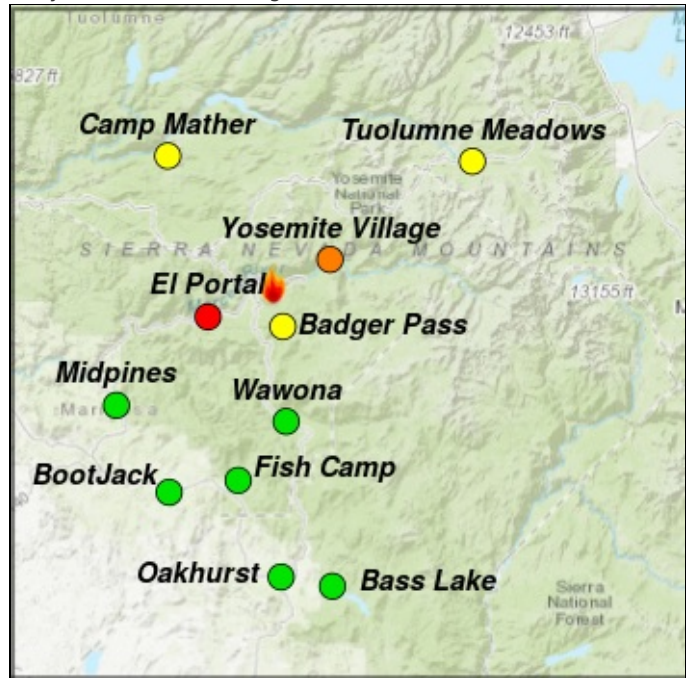

**Smoke**

Air quality will be good to moderate today except for areas in close proximity to Turtleback Dome. Smoke production in that area could be heavy at times. Smoke will travel toward Yosemite Village and Tuolumne Village until early afternoon, then drain back down the Merced this afternoon and evening.

**Forecast Area**

Due to consistently improving conditions, stations to be included in the forecast area will be re-evaluated tomorrow.

Daily AQI Forecast for Aug 13, 2018
